COMMUNICATION

This application is before the Office of PCT Legal Administration for consideration of issues arising under the Patent Cooperation Treaty.

A review of the application file reveals that the international filing date, title of invention, and named inventors listed on the national stage transmittal letter (Form PTO-1390) and/or the declaration filed 27 July 2006 are not consistent with published international application number PCT/IB2004/002696. It is further noted that the customer number listed on the transmittal letter does not match that listed on the declaration.

Applicant must file a proper response within two (2) months from the mailing date of this communication, explaining the discrepancy discussed above. A proper response may include a petition under 37 CFR 1.182 to correct the national stage transmittal letter. Such petition must include the requisite \$400.00 petition fee.

Please direct further correspondence with respect to this matter to Mail Stop PCT, Commissioner for Patents, Office of PCT Legal Administration, P.O. Box 1450, Alexandria, Virginia 22313-1450, with the contents of the letter marked to the attention of the Office of PCT Legal Administration.
